Quality Policy

Meldrum Construction Services Group Limited[1] (Meldrum) operate, maintain and continuously develop a quality management system that meets the requirements of ISO 9001:2015 and EN1090:2018, and other applicable statutory and regulatory requirements.

Policy

Meldrum will implement the following to achieve our quality objectives:-

- Develop and implement a Quality and Environmental Management Safety (QEMS) System that is compliant with ISO 9001, ISO 14001, ISO 45001 and EN1090 which is appropriate to its own operation and take account of the internal and external client services it provides.
- Identify and provide relevant training.
- Give staff the opportunity to contribute to the improvement of the QEMS.
- Require all staff to perform their duties in compliance with regulatory requirements, QEMS, company policy and contractual requirements.
- Give the appropriate staff the responsibility and authority for ensuring that the policy is understood, implemented and maintained at all levels.
- Work with the QEMS to deliver client projects on-time, within budget and to specification.
- Regularly monitor and review the effectiveness of the system and identify further system improvements.
- Proactively manage changes that take place within the business to ensure that the integrity of the QEMS is maintained.
- Ensure that customer requirements are central to decision making and planning.
